YEARS

OF SUPPORTING DAIRY'S FUTURE

Look at what we've accomplished  
**TOGETHER**  
in the last 20 years

Professional Dairy Producers Foundation is *Dairy's Foundation*<sup>®</sup>

Since 2003, we've been supporting dairy producers and investing in the future, one life at a time. Supporters like you help us to impact countless lives across America. When we join forces to enhance the lives of dairy professionals and the communities in which they live we can make a difference for generations to come.

# THANK YOU!

WITH YOUR HELP, WE'RE ABLE TO

sharpen dairy professionals' skills

empower the next generation

**OUR MISSION:** to share ideas, resources and experiences about important issues surrounding the dairy industry through educational opportunities for dairy producers and the public.

**OUR THREE KEY OBJECTIVES** | Growing producer professionalism | Teaching the next generation | Maintaining and enhancing public trust

**YOUR SUPPORT ALSO ALLOWS US TO amplify public trust in our people and products**

## THE IMPACT OF YOUR SUPPORT

Your giving allows Dairy's Foundation to support several programs and grants that serve our mission across the country. Programs such as Farmers for Sustainable Food, the Center for Dairy Excellence Foundation's Calving Corner, Dairy Grazing Apprenticeship Program, Agricultural Community Engagement® (ACE), PDPW Mentor Program, Cornerstone Dairy Academy® and more are making a difference in thousands of lives.

### PDPW Mentor Program

*"I don't have an agricultural or dairy background but I would like to go into the calf side of the industry. The PDPW Mentor Program has given me a firsthand look at how different farms function. Learning about maternity pen protocols and caring for calves has been very interesting."*

**CHLOE KNIELING, UW-PLATTEVILLE**

with mentee Drew Butier of Double S Dairy, Markesan, Wis.

### Cornerstone Dairy Academy

*"Cornerstone instilled in me the drive to lead through the work I can do for others. A good leader is one who can inspire and drive a group to want to accomplish something together. The pillars of Cornerstone Dairy Academy inspired me to envision myself as a leader who can serve and grow others."*

**BROOKE TRISTEM, LARSON ACRES & BOUMATIC**

## DAIRY'S FOUNDATION: THE ONGOING AIM

**The world has a need and we're working hard to meet it.** Communities large and small, urban and rural, far and wide all have one unifying condition that dairy professionals can serve – to provide wholesome, nutritious, sustainably produced food to families both privileged and challenged.

**Your contributions help us do just that.**

Over its 20-year history, Dairy's Foundation has given over \$1.5 million to enhance the dairy sector
